TWEEN I: AGES 10 TO 12 NEW

This class has been specially designed for 10-12 year olds who are ready to use the sewing machine and create projects for themselves. They will first be taught how to use the sewing machine and all relevant terminology to the machine and basic sewing notions. Next, they begin their sewing adventure with a small project such as

a headband and then continue with larger projects such as a pillow case and a draw string bag.

Each project reinforces the previous project's sewing techniques and adds new skills and challenges. There will be a supply list for the class so each student can select fabrics that appeal to them.
